ACT OF INCORPORATION,
ESTABLISHING A
RETREAT FOR THE INSANE.

*AT a General Assembly of the State of Connecticut, holden
at New-Haven, in and for said State, on the first Wednesday
of May, A. D. 1822.*

UPON the petition of THOMAS HUBBARD and others, shewing that there are now more than one thousand insane persons in this State ; that a subscription has been opened to provide them an Asylum or Retreat, to mitigate their sufferings, and restore them to reason ; praying for an act of incorporation, and a grant from the treasury, in aid of the benevolent object, as by petition on file appears.

Resolved by this Assembly, That THOMAS HUBBARD, THOMAS ROBBINS, THOMAS MINER, SAMUEL CARTER, WILLIAM TULLY, EARL SWIFT, SAMUEL B. WOODWARD, JOHN CALDWELL, ISAAC SPENCER, THOMAS DAY, and their associates and successors, be, and hereby are, ordained, constituted and declared to be forever hereafter, one body politic and corporate, in fact and in name, by the name and style of " The President and Directors of the Retreat for the Insane," and by that name, they, their associates and successors, shall and may have perpetual succession, shall be capable of suing and being sued, pleading and being impleaded, and also to purchase, receive, hold and convey any estate real or personal, to an amount not exceeding two hundred thousand dollars ; and may have a common seal, and the same may change and alter at pleasure ; may establish rules relative to the admission of future members ; may ordain, establish and put in execution such by-laws and regulations, not contrary to the provisions of this Charter, or the laws of this State, as shall be deemed necessary for the government of said corporation.

2. *And be it further resolved, That said corporation shall meet at least once in each year for the choice of officers and other business. The first meeting shall be holden at the Court House in Middletown, at such time as shall be appointed by THOMAS MINER, ELI TODD, SAMUEL B. WOODWARD, WILLIAM TULLY, GEORGE SUMNER, ELI IVES, and JONATHAN KNIGHT, or a majority of them, and by them notified.*

by advertisement in a newspaper printed in each of the towns of Hartford, Middletown and New-Haven, at least three weeks before the time fixed for such meeting; and the annual and other meetings of said corporation shall thereafter be holden at such time and place, and be warned in such manner as said corporation shall from time to time direct.

3. And whereas, large and liberal subscriptions have been obtained in aid of the funds of said Institution, on the principles of a proposed Constitution of the Society for the relief of the Insane, accepted and approved by the Medical Convention, on the 3d of October, A. D. 1821, in the words following, viz :

This Society shall be composed of those subscribers, whose benefactions shall amount to either of the subsequent sums.— Those who pay twenty dollars shall be members for life, and those who pay twelve dollars shall be members for ten years.

Those who pay two dollars shall also be members of the Society, and shall be required to pay the same annually, until their names are withdrawn from the subscriber's list, on application to the Secretary.

Two hundred dollars paid by the Connecticut Medical Society, shall constitute the President and Fellows of the same *ex officio* members of the Society.

The members of the Society shall meet annually for the choice of Directors, and for the transaction of any other business not delegated to its officers.

None but members shall be eligible to any office, except those of attending physicians and domestics.

Directors. There shall be two classes of Directors, one annually appointed, the other to hold their office for life.

Those subscribers who pay one hundred dollars, or an equivalent annuity, or twenty-five dollars annually, for five years, shall be Directors for life.

At least ten Directors shall be annually chosen by the Society, and in all cases as many as shall equal the number by subscription. There shall be an annual meeting of the Directors, at which twelve shall constitute a quorum, to choose a President, Vice President, Treasurer, Auditor, Secretary, Prudential Committee and Visitors.

The President shall preside at the meetings of the Society, and of the Directors; shall have a vote at all times, and a casting vote when there is a tie, and shall, when requested by the Superintendant or Prudential Committee, summon an extra meeting of the Directors.

Vice Presidents. The elected Vice President shall have the privileges of a Director, and perform the duties of the President during the absence of the latter.

Those persons who pay two hundred dollars, shall be Vice Presidents for life.

The Treasurer having given adequate security for the faithful discharge of his duties, shall receive the funds of the Society, and pay the same to the order of the Prudential Committee. He shall transmit a copy of his accounts every quarter to the Auditor, and present a financial report every year to the Society.

The Auditor having examined the Treasurer's accounts, shall report accordingly, at the annual meeting of the Directors.

The Secretary, upon oath, shall keep an accurate register of the members of the Society for each year, and record the transactions of both Society and Directors. He shall also report at each meeting of the Society, the names of those who, for the preceding year, have become members of the Society, and also of those who have withdrawn their patronage.

The Prudential Committee shall consist of twelve individuals, annually elected, and of the Superintendant. At least one fourth of the twelve shall be Physicians. They are to regulate the economical and financial concerns of the Institution, and determine upon what terms the patients are to be admitted. They shall also appoint the steward, house-keeper and domestics; and may dismiss the same if deemed unworthy of their trust. They shall meet monthly, and delegate their powers to three of their number, of which one shall be a physician; and these three shall constitute the attending Committee.

The attending Committee shall meet at least once a week, for the transaction of the ordinary business of the Institution, for the admission and discharge of patients, prescribing the terms, and accepting such security as they deem satisfactory.

The visitors shall be six in number, and all physicians.— Two at least shall visit the Institution every month, and it shall be their duty to invite an equal number of females to accompany them. They shall inquire into the medical and moral concerns of the Institution, suggest improvements, and designate abuses, in a monthly report to the Prudential Committee.

The Superintendant shall be nominated by a Committee of five members appointed by the Medical Convention, and their nomination shall be transmitted to the Directors for their approbation. If the person thus nominated is not approved of by the Directors, the Committee shall nominate another person without delay. If the nomination is approved, the election shall be declared valid, and the person thus elected may hold his office till removed by a majority of the whole number of

Directors. The medical and moral treatment of the patients shall be confided to him, and he is to determine the propriety of their admission and discharge—shall visit the hospital daily to give instruction to the assistant, and advice when requested, to the attending Committee. He shall also inspect the medical records of the house, and observe that they are correctly made. The Superintendent may nominate an assistant Physician, who is to reside in the house, or in its immediate vicinity, and may be eligible to the office of Apothecary. His appointment becomes valid if approved by the Directors. He shall devote his whole time to the patients of the Institution, visiting them daily, recording the history of each case, and reporting to the Superintendent the result of observations made during the absence of the latter. He is also to note the prescriptions, and see that the nurses and attendants are faithful in the discharge of their respective duties.

Admission of Patients. Any subscriber paying two hundred dollars, may at all times name one indigent patient, who is to be received into the Asylum upon the most favorable terms.

Any town, corporate body, or association of individuals, paying two hundred and fifty dollars, may have the same privilege.

Other patients are to be admitted, by their friends applying first to the Superintendent, who states whether in his opinion they are fit subjects for admission or not, and then to the attending Committee, who shall prescribe the terms and accommodations to which they shall be entitled.

No patient of any description can be admitted, until his friends or guardians have deposited with the Treasurer of the Society, adequate security for the payment of the quarterly expenses, and the removal of the patient when discharged.—Any person dissatisfied with the decision of the attending Committee, may appeal to the Prudential Committee, at their monthly meeting, for relief.

Be it further resolved, That the Articles of said Constitution, be, and the same are hereby declared to be fundamental articles and part of the Constitution of said Corporation.

And be it further resolved, That in aid of the benevolent object of said Institution, there shall be paid to the said Corporation, upon an order of the Controller of public accounts, (which order the Controller is hereby authorized and directed to draw) the sum of five thousand dollars out of the public treasury, whenever (if within two years) fifteen thousand dollars, exclusive of this grant, shall have been subscribed, and ten thousand dollars actually paid to said Corporation, and proper certificates thereof be lodged in the office of said Controller. And the Governor of this State is hereby authorized

and requested to grant a brief annually for five years, soliciting contributions for the benefit of said Institution, and to issue proclamation accordingly.

And be it further resolved, That said Corporation shall have power, with the assent of the Commissioners to be appointed under this act, by their vote in legal meeting, warned with express notice of that object, to fix the location, and to approve or prescribe the style and extent of the buildings, and other accommodations for the use of the Institution, and no expenditure of the funds of said Corporation, shall be made by the officers thereof, in the purchase of lands, or in the erection of buildings, but in pursuance of such vote or votes of said Corporation.

And be it further resolved, That the Governor for the time being, with two other Commissioners to be appointed by the General Assembly, shall superintend the general concerns of said Institution, and make such occasional visits as they may deem expedient.

Provided nevertheless, that this act of incorporation, shall be subject to be revoked or altered, at the pleasure of the General Assembly.

REPORT

OF THE COMMITTEE,

ON THE PROGRESS OF THE INSTITUTION.

THE attention of the public, in this State, was first turned to the subject of the Insane, by the Medical Society in their session of October, 1812. A committee was at that time appointed by the Society, to ascertain the number of Lunatics within the limits of the State, and report to some future convention. The inquiries made at this time, principally of the clergymen in the different towns in the State, were answered by few returns only, and these very imperfect. Nothing further was done on the subject, until the spring of 1821; when the number of recent cases of Insanity, especially in Hartford and its vicinity, led the physicians in the neighbourhood, again to attend to the subject. They had frequent opportunities of witnessing the ravages of this deplorable disease, and often lamented the inefficacy of remedies for the relief of the patients, while at home, and with their friends.

At the county meeting of the Medical Society in Hartford, in April of the same season, the subject was brought up, and the Fellows of the Society from the County, were instructed to bring the subject before the Medical Convention, at their session in May following. This was done. The Convention appointed a committee, consisting of three members of that body, to take the subject into consideration, and report as to the propriety of doing any thing at this time, and especially on the expediency of establishing a Retreat for their comfort and restoration. The committee consisted of Doctors Eli Todd, Thomas Miner, and Samuel B. Woodward. This committee examined the subject with great fidelity, and reported in favor of attending to it immediately—of taking measures to establish an Asylum for their relief and recovery, and also reported a plan, which in their view, was best calculated to effect the object contemplated. The society heard this report with great attention. It seemed to inspire the members with a zeal at once laudable and active—one general sentiment of approbation was expressed, and the measures proposed by the committee, for the attainment of the object, were adopted with great promptitude and unanimity. They ap-

pointed a committee of five members to prosecute inquiry—to ascertain the number of Insane persons in the State, their condition, age, &c.—to devise ways and means of raising funds for the establishment and maintenance of such an institution, and also to report a plan, or draft a constitution for its regulation and government. The convention adjourned to the 28th day of October, to hear their report. The committee consisted of Doctors Eli Todd, Thomas Miner, William Tully, Samuel B. Woodward, and George Sumner.

This committee were assiduous in their attention to the important concerns entrusted to them. They met monthly at the expense of much time—took pains to inform themselves on all subjects connected with the Insane, procured all the records of other Hospitals they could find, and adopted, after much deliberation, every principle embodied in their report, as well as every article in their draft of a constitution.

To obtain information, they sent circulars into every town in the State, addressed to clergymen, physicians and other respectable gentlemen, requesting returns of the number of the Insane, their ages, sex, cause of the disease, &c. The returns in answer to these circulars, although many of them were very imperfect, satisfied the committee that at least 1000 individuals within the limits of the State were mentally deranged, and that the condition of most of them was truly wretched.

The duties performed by this committee were arduous: they had obstacles to surmount requiring great perseverance. The field was untrodden; they had to learn the way as they proceeded: they had undertaken to accomplish an object which the indifferent asserted, and the anxious feared, would never be accomplished. The Report made by them to the adjourned session in October, together with the annexed draft of a constitution was the result of their labors. The adjourned convention in October met for the express purpose of hearing and acting on the report of their committee. Every article of the proposed constitution, was read separately, and received a separate vote of acceptance, and finally, with little variation, the whole passed unanimously.

This convention appointed a committee of correspondence, consisting of seven gentlemen, and a county committee of three in each county. The committee of correspondence consisted of the following individuals: Doctors Eli Todd, Eli Ives, Thomas Miner, William Tully, Jonathan Knight, Samuel B. Woodward and George Sumner.—The county committee consisted of the following gentlemen: For Hartford county, Doctor Mason F. Cogswell, Rev. Thos. Robbins, Samuel Tudor, Esq. New Haven County, Rev. Thomas C. Brownell, Hon. Simeon Baldwin and Joseph Foote, M. D. New-Lon-

don, Hon. Elias Perkins, Doct. John O. Miner and Richard Adams, Esq. Windham, Hon. Zephaniah Swift, Doctor Thomas Hubbard and Hon. Daniel Putnam. Fairfield, Hon. Roger M. Sherman, Doct. Jonathan Knight and Rev. Matthew R. Dutton. Litchfield, Governor Wolcott, Joseph Battell, Esq. and Doct. William Buel. Middlesex, Hon. Joshua Stow, Hon. Stephen T. Hosmer and John R. Watkinson, Esq. Tolland, Hon. John S. Peters, Rev. Doct. Basset and Bening Mann, Esq.

The business of these committees, was to devise means of procuring funds for the establishment and maintenance of a Retreat for the Insane. To petition the General Assembly at their session in May, for an Act of Incorporation or Charter, and if thought expedient, to request a grant of money from the treasury of the State, to aid the benevolent object contemplated. The convention, also at this meeting, appropriated 200 dollars of their funds, to aid the committee in prosecuting their plans. This grant, the first pecuniary aid which had been received, was very useful to the committee. But for this, they would have been obliged to make considerable advances of money from their own resources, or to have abandoned the undertaking in despair.

The subject of funds engaged much of the attention of the committees. On this subject the committee of correspondence, with such of the county committee as were near at hand, or felt peculiar interest in the institution, held frequent meetings. Subscriptions it was well known were our principal resource, but how they should be obtained was a question of serious importance. And here it may not perhaps be irrelevant to observe, that the committee misjudged. The appointment of county and town agents, but illy subserved the interests of the institution: this however was not without honourable exceptions. Too many however, felt totally indifferent to the interests of the establishment, and either expressed doubts as to the propriety of subscriptions, or directly opposed the propriety of the establishment—or which was equally unfortunate, appeared so destitute of zeal and interest in the cause, as to dampen all efforts, or extinguish the enkindled interest which had been excited in the feelings of the benevolent. These paralyzing influences, had so obvious an effect upon many individuals, that our general agents frequently remarked, that they were much more successful, where no effort had previously been made.

For the benefit of future public charities, who may wish to obtain funds by subscription, we would remark, that the employment of general agents, appointed for the express object of obtaining subscriptions, and liberally compensated for their

services, has been the best economy with this institution. We are well persuaded that no other method would have been equally successful.

The commencement of the subscription in the city of Hartford, was peculiarly auspicious, and the very liberal sum obtained, was a sure prognostic of future success.

Too much praise cannot be bestowed on the laudable and disinterested zeal of those individuals, who were active in obtaining this truly munificent subscription—and the committee are happy to recognize in the offices of this institution, individuals whose exertions were crowned with such unexpected success. The same liberality throughout the State, would have placed the funds of this establishment, beyond the reach of embarrassment. On the evening of the 7th of May, 1822, the general meeting of the corresponding and county committees was held by previous appointment at the state-house in New-Haven. Doct. Thomas Hubbard was elected chairman. The meeting ascertained that about \$12,000 had already been subscribed to the funds. At this meeting it was resolved to present a petition to the General Assembly, for an Act of Incorporation, and for a grant of money. While the subject was before the Legislature, many distinguished friends of the institution, both members and other gentlemen who were present, very generously offered their services to promote the interests of the cause in the Assembly. The Act of Incorporation and a grant of 5000 dollars were both obtained, together with a brief permitting contributions in churches for five years. At the same time also, the Medical Society then in session, showed their steady devotion to the cause, by appropriating the remainder of their disposable funds, amounting to about 400 dollars, to the interests of this institution. The grant from the General Assembly, and the donation from the Medical Society, gave fresh courage to the committee, and revived the drooping hopes of the friends of the institution, who feared that it might fail for want of patronage. During the summer, agents to collect subscriptions were employed, and sent into every town in the State. By the month of October, the nominal sum of 20,000 dollars had been subscribed, exclusive of the grant.

On the 28th of October, 1822, the subscribers met at the court-house in Middletown, agreeably to notice, for the purpose of organizing the Society, and choosing Directors. When it was found that about thirty-five Directors, had been so constituted by subscriptions of 100 dollars or upwards; an equal number were elected agreeably to the provisions of the constitution. Hon. John T. Peters presided at this meeting, and Samuel B. Woodward acted as clerk. The Society then

adjourned to Hartford, on the 3d of December. Public notice was also given, that the location of the institution, would at that time be fixed, agreeably to the provisions of the charter.

On the 3d day of December, 1822, the Society met at the state-house, Hartford, for the purpose of location. The vote was taken by ballot; when it was found that the vote was unanimous for Hartford. The Society then resolved, that the town of Hartford be fixed upon as the place of location for the Retreat for the Insane. The Society authorised the board of Directors to examine the various sites in the town, and report to a future meeting, which in their opinion was most eligible.

The board of Directors held a meeting after the adjournment of the meeting of the Society, and appointed the officers of the institution. A sub-committee of this board, was appointed to examine the various sites proposed to them in the limits of the town, and report to a future meeting, which in their opinion was best calculated to answer the object of the institution.

This committee consisted of Bishop Brownell, Daniel Putnam, Esq. Hon. Joshua Stow, Doctors Wm. Buel and Samuel B. Woodward. They unanimously fixed upon the established site of the Retreat, and reported the same to the board of Directors. This report was accepted and approved unanimously by the Society, at a future meeting.

The Reports of the Secretary and Treasurer, render it unnecessary for us to speak of the state of the funds, or the officers and members of the Society. The statement of the building committee, will show the progress of the building, and how soon it may be expected to be completed.

The progress of the institution, in every respect, has been more successful than could have been anticipated. The funds are respectable, but fall far short of all the demands contemplated. The object is well begun; and in the liberality of our citizens, and the munificence of the Legislature, we have a sure pledge of future support. We believe that the Society, which this day assembles on its first anniversary, will take high rank amongst the benevolent institutions of this State: and that the RETREAT, the foundation of which has been laid, will reflect increasing honor upon its founders and its patrons, and ultimately become one of the most distinguished charities of our country.

OF THE GROUNDS AND BUILDING.

The Report of the Building Committee, alluded to in the foregoing Report, not having been made, observation may be acceptable, that the site selected for the buildings of the Retreat, is distant, south-westwardly, about 1 1-4 miles from the state-house in Hartford. The grounds, (17 acres,) fronting on the Berlin turnpike east; and having west-street on the west, present, from the beautiful elevation of their western limits, an interesting prospect of the country eastward, with a partial view of Hartford and Weathersfield, to the north and south. On this elevation, a building is erecting: its centre, fifty feet square, to be three stories above the basement; with a north and a south wing, each fifty by thirty, to be two stories above the basement. The walls are constructing of stone, to be covered with a white cement, or rough cast. Expence of the building not to exceed 12,000 dollars; and the prospect favourable that its early completion will admit the walls to become dry; so that, should the receipts of the Society, as is to be hoped, prove adequate to indispensible arrangements, the unfortunate, as early as in January, probably, may have share in the mercy of a commiserating public.
